

MINI PROJECT: Prompt Library for Content Generation

Prompt Engineering Outputs for Each Problem

Prompt #1: LinkedIn Post for Product Launch

Use Case

LinkedIn post announcing a new product launch.

Techniques Used

- Role Prompting
- Few-shot Prompting
- Constraint Prompting

Template (Reusable Prompt)

Act as a professional LinkedIn content strategist.

Write a LinkedIn post announcing the launch of [PRODUCT

NAME]. Target audience: [TARGET AUDIENCE]

Tone: [PROFESSIONAL / EXCITED / INSPIRING]

Key features:

- [FEATURE 1]
- [FEATURE 2]
- [FEATURE 3]

Constraints:

- **Keep it under 180 words**
- **Add a strong hook in the first line**
- **Include a CTA at the end**
- **Use simple and engaging language**

Sample Output

🚀 Productivity shouldn't feel exhausting.

Today, we're excited to launch TaskFlow AI — a smarter way for remote teams to organize work, automate repetitive tasks, and stay focused on what truly matters.

✨ What TaskFlow AI offers: • Smart workflow automation • AI-powered reminders • Real-time collaboration dashboard

👉 Try TaskFlow AI today and let us know your feedback.

Iteration

v1

Basic announcement with product features.

v2

Added emotional hook, stronger CTA, and audience-focused messaging.

Prompt #2: Instagram Caption for Coffee Brand

Use Case

Instagram caption for coffee brands targeting young audiences.

Techniques Used

- Tone Prompting
- Audience Prompting
- Constraint Prompting

Template (Reusable Prompt)

Act as a trendy Instagram influencer.

Create an engaging Instagram caption for [BRAND NAME].

Audience: [TARGET AUDIENCE]

Mood: [MOOD]

Include:

- Emojis
- Short punchy lines
- CTA
- 5 hashtags

Sample Output

☕ Some conversations just taste better with coffee.

Late-night playlists. Rainy weather. And a cup of BrewCoffee in hand. ❤️

Tag your coffee buddy below 📌

BrewCoffee #CoffeeMood #CafeAesthetic #CoffeeTime #CozyVibes

Iteration

v1

Simple coffee caption.

v2

Added aesthetic vibe, relatable tone, and stronger engagement.

Prompt #3: Blog Post Introduction

Use Case

Writing engaging blog introductions.

Techniques Used

- PAS Framework
- Structured Prompting
- Context Prompting

Template (Reusable Prompt)

Write a compelling blog introduction about [TOPIC].

Audience: [AUDIENCE]

Tone: [TONE]

Structure:

1. **Problem**
2. **Why it matters**
3. **Introduce solution/topic**
4. **Under 150 words**

Sample Output

Traditional learning methods often struggle to keep students engaged in today's digital world.

That's where AI is transforming education.

From personalized learning platforms to AI tutors, technology is helping students learn smarter and teachers work more efficiently.

Iteration

v1

Generic informational introduction.

v2

Added relatable problem and smoother transition into topic.

Prompt #4: Cold Outreach Email

Prompt Engineering Techniques Used

- Role Prompting
- Few-shot Prompting
- Constraint-based Prompting

Prompt Used

Act as a professional LinkedIn content strategist.

Write a LinkedIn post announcing the launch of TaskFlow AI.

Target audience: startup founders and remote teams Tone: professional and inspiring

Key features:

- Smart task automation
- AI-powered reminders
- Team collaboration dashboard

Constraints:

- Keep it under 180 words
- Add a strong hook in the first line
- Include a CTA at the end
- Use simple and engaging language

Output

🚀 Productivity shouldn't feel exhausting.

Today, we're excited to launch TaskFlow AI — a smarter way for remote teams to organize work, automate repetitive tasks, and stay focused on what truly matters.

2. Instagram Caption for Coffee Brand

Prompt Engineering Techniques Used

- Tone Prompting
- Audience Targeting
- Constraint Prompting

Prompt Used

Act as a trendy Instagram influencer.

Create an engaging Instagram caption for a coffee brand called BrewCoffee.

Audience: teenagers and young adults Mood: cozy + aesthetic + relatable Include:

- emojis
- short punchy lines
- one CTA
- 5 hashtags

Output

☕ Some conversations just taste better with coffee.

Late-night playlists. Rainy weather. And a cup of BrewCoffee in hand. ❤️

Main character energy unlocked.

Tag your coffee buddy below 📌

**BrewCoffee #CoffeeMood #CafeAesthetic
#CoffeeTime #CozyVibes**

3. Blog Post Introduction

Prompt Engineering Techniques Used

- PAS Framework
- Structured Prompting
- Context Prompting

Prompt Used

Write a compelling blog introduction about "How AI is Changing Education".

Audience: students and teachers Tone: informative and engaging

Structure: 1. Start with a relatable problem 2. Explain why it matters 3. Introduce the solution/topic 4. Keep it under 150 words

Output

Traditional learning methods often struggle to keep students engaged in today's fast-paced digital world. Many students feel overwhelmed, while teachers spend countless hours managing repetitive tasks.

That's where AI is transforming education.

From personalized learning platforms to AI tutors and automated grading systems, technology is helping students learn smarter and teachers work more efficiently.

In this blog, we'll explore how AI is reshaping classrooms, improving learning experiences, and preparing students for the future.

4. Cold Outreach Email

Prompt Engineering Techniques Used

- Personalization Prompting
- Goal-oriented Prompting

- Constraint Prompting

Prompt Used

Write a cold outreach email to a marketing manager at a startup.

Goal: offer social media management services

Requirements:

- Personalized opening
- Short and direct
- Under 120 words
- Professional tone
- End with CTA

Output

Subject: Quick Idea to Improve Your Brand Reach

Hi Sarah,

I recently came across your startup's Instagram page and really liked your branding style.

I help startups improve engagement and consistency through content strategy and social media management.

I'd love to share a few ideas that could help increase your reach and audience interaction.

Would you be open to a quick 15-minute call next week?

Best regards, Rakesh

5. Product Description

Prompt Engineering Techniques Used

- Feature-to-Benefit Prompting
- Persuasive Prompting
- Audience Prompting

Prompt Used

Write a product description for SonicPods X1 wireless earbuds.

Target audience: college students and music lovers

Include:

- Key benefits
- Emotional appeal
- Features
- CTA

Tone: persuasive and modern Word limit: 120 words

Output

Experience powerful sound without distractions with SonicPods X1.

Designed for students, gamers, and music lovers, these wireless earbuds deliver crystal-clear audio and deep bass for every moment.

✨ Features: • Noise cancellation • 24-hour battery life • Fast charging support • Comfortable lightweight design

Whether you're studying, traveling, or relaxing, SonicPods X1 keeps you connected to your vibe.

Upgrade your listening experience today.

6. YouTube Title + Description

Prompt Engineering Techniques Used

- SEO Prompting
- Curiosity-based Prompting
- Structured Output Prompting

Prompt Used

Generate: 1. 5 YouTube video titles 2. A YouTube description

Topic: Best AI Tools for Students Audience: beginners and college students

Requirements:

- SEO-friendly
- High click-through potential
- Add keywords naturally

Output

Titles

1. Top 5 AI Tools Every Student Should Use in 2026
2. Best Free AI Tools for College Students
3. AI Websites That Save Students Hours Daily
4. Study Smarter with These AI Tools
5. Must-Try AI Apps for Productivity and Learning

Description

Discover the best AI tools that help students improve productivity, save study time, and learn faster. From note-taking apps to AI study assistants, these tools can completely change the way you study in 2026.

7. Newsletter Section

Prompt Engineering Techniques Used

- Summarization Prompting
- Conversational Tone Prompting
- Constraint Prompting

Prompt Used

Write a newsletter section about "AI Trends in 2026".

Tone: friendly and informative Audience: tech enthusiasts

Keep it:

- under 200 words
- easy to scan
- include a takeaway

Output

This week in AI: smarter assistants and personalized AI tools are dominating the tech world.

Companies are now focusing on AI that adapts to individual users instead of offering one-size-fits-all solutions.

From AI-powered productivity apps to advanced creative tools, users are expecting faster, smarter, and more personalized experiences.

📌 Takeaway: The future of AI isn't just automation — it's personalization.

8. Ad Copy (Meta/Google)

Prompt Engineering Techniques Used

- AIDA Framework
- Persuasive Prompting
- Word-limit Constraint Prompting

Prompt Used

Write ad copy for EditFlow AI.

Platform: Instagram

Include:

- Hook
- Main benefit
- CTA

Tone: persuasive Word limit: 50 words

Output

 Editing videos shouldn't take hours.

Create professional content faster with EditFlow AI — smart editing tools built for creators.

 Save time. Create more.

Try it free today.

9. FAQ Generator

Prompt Engineering Techniques Used

- Structured Prompting
- Scenario-based Prompting
- Categorization Prompting

Prompt Used

Generate 10 FAQs for an online learning platform.

Include:

- beginner questions
- pricing questions
- support questions
- feature-related questions

Output

Q7. Is customer support available 24/7? A. Yes, support is available anytime.

Q8. Are recorded sessions provided? A. Yes, recordings are accessible after classes.

Q9. Can I download study materials? A. Yes, downloadable PDFs are included.

Q10. Do courses get updated regularly? A. Yes, content is updated frequently.

10. 7-Day Content Calendar Generator

Prompt Engineering Techniques Used

- Structured Output Prompting
- Planning Prompting
- Engagement-focused Prompting

Prompt Used

Create a 7-day content calendar for a personal branding Instagram page.

Audience: students and creators

For each day provide:

- content idea
- hook
- caption idea
- CTA

Output

Day 1

Topic: Productivity Tips Hook: "You're not lazy — your routine is broken." CTA: Save this post

Day 2

Topic: Morning Routine Hook: "My 20-minute morning reset." CTA: Share your routine

Day 3

Topic: AI Tools Hook: "3 AI tools that save me hours daily." CTA: Comment 'AI' for links

Day 4

Topic: Behind the Scenes Hook: "What content creation actually looks like." CTA: Follow for more

Day 5

Topic: Study Tips Hook: "Study smarter, not longer." CTA: Tag a friend

Day 6

Topic: Motivation Hook: "Small progress is still progress." CTA: Double tap if you agree

Day 7

Topic: Personal Story Hook: "What I learned after failing consistently." CTA: Share your thoughts
